STANDARD Dove & Ramps

5' Dove w/Spring-Assisted, Floor-Level Ramps

- ◆ Floating Ramp Hinges make for a smooth transition from ramp to dove
- ◆ All Cleats are on top of the ramps and closely spaced for best traction
- ◆ Ramps come to a 1" point at the ground
- ◆ Integrated structural ramp knees bear the load and prevent ramps from kicking-up when loading heavy equipment
- ◆ Ramps are 24" wide
- ◆ Ramp Springs do the heavy lifting
- ◆ **STRONG** 6" x 4" x 3/16" Rectangle Tube Bumper conceals wiring completely and has a minimum of 14" ground clearance.

A Smooth Approach from the Ground to the Deck

© Diamond C Trailer Mfg., Road Clipper Enterprises. All illustrations and specifications contained in this brochure are based on the latest product information available at the time of printing. Specifications, standard features, options, components, and colors are subject to change without notice. Some features may be subject to availability, delays, or discontinuance. Trailers shown with optional equipment. Please contact your authorized Diamond C dealer for specifics.

Since the company began in 1985 as a small shop, its primary objective has been to progress the trailer industry through design innovations - improving the product and value that consumers deserve.

For over 28 years, Diamond C has maintained its standard of quality, while keeping our roots deep in traditional values and progressing with tomorrow's technology. Still family owned and operated, Diamond C designs, manufactures, and markets more than 45 diverse models of open flat-bed trailers.

We maintain our position as an industry leader, and promise only the best quality, value, and customer service. We challenge you, see the difference.
