Road-tested DuPont polyurethanes provide long-lasting, rugged, and beautiful finish.

A full camouflage paint scheme depicting a woodland terrain

Hot-Dip galvanizing forms a permanent zinc bond to a trailer's surface. Ideal for rust prevention in inclement weather conditions.

# **RANGER** SERIES

For more info,  
visit us online at  
[www.diamondc.com](http://www.diamondc.com)

## a *higher standard* of economy

Diamond C's Ranger Series trailers are quality built trailers designed specifically for consumers with basic trailer needs.

Ranger Series trailers are manufactured with the same standards of quality workmanship as our Diamond C Series and are as versatile as they are affordable.

*We stand behind our product.*

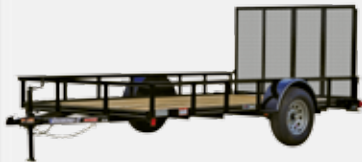

Diamond C's Ranger Series trailers come with a 1 year structure warranty.

## DiamondC.com

© Diamond C Trailer Mfg., Road Clipper Enterprises. All illustrations and specifications contained in this brochure are based on the latest product information available at the time of printing. Specifications, standard features, options, components, and colors are subject to change without notice. Some features may be subject to availability, delays, or discontinuance. Trailers shown with optional equipment. Please contact your authorized Diamond C dealer for specifics.

Since the company began in 1985 as a small shop, its primary objective has been to progress the trailer industry through design innovations - improving the product and value that consumers deserve.

For over 28 years, Diamond C has maintained its standard of quality, while keeping our roots deep in traditional values and progressing with tomorrow's technology. Still family owned and operated, Diamond C designs, manufactures, and markets more than 45 diverse models of open flat-bed trailers.

We maintain our position as an industry leader, and promise only the best quality, value, and customer service. We challenge you, see the difference.
